

ATTENTION PARENTS:

We need your help! We are trying to make Piñon's parking lot as safe as we possibly can for you and your children. With the help of our Transportation Office and Officer Keane, our SRO, Piñon has a new Parking Lot & Drop Off Procedure.

Please look at the map below so that you can understand how traffic will move in and out of the parking lot for drop-off and dismissal. We appreciate your cooperation with this new system and ask that you help us by following all instructions given to you by staff on duty in yellow safety vests,

Key Highlights:

When dropping off students around the "U" - please do not leave your vehicle. ***This is drop-off only.*** The second one is for pulling back out into traffic so that you can exit the parking lot.

If you want to walk your child to class, or your child needs assistance getting their belongings to class, please park your vehicle and carefully walk them to the sidewalk. Look out for traffic in all direction and monitor your children.

NOTE: Buses now park on the east side of the parking lot near Kindergarten. This is now a no parking or stopping zone.

NewBus and Drop-Off Procedures
