### Group Advisement

The Advisement Program at Los Alamos High School is aimed to provide you, and your family, with a contact person who will assist you with course selection, maintain your four-year graduation plan (state mandated), monitor your academic performance, attendance and testing, and advise you on post-secondary plans.

Group advisement takes place six times during the academic year on selected Thursdays between first and second periods, and will be announced during morning announcements and by your teacher. Group advisement is to be attended by students only; parents do not attend these group advisement sessions. **The dates for Group Advisement are listed in the 2017-2018 Student/Parent Handbook (agenda).**

### FAFSA

FAFSA is the Free Application for Federal Student Aid. Visit [StudentAid.gov/fafsa](http://StudentAid.gov/fafsa) for more information.

### ASVAB Career Exploration Program

The ASVAB Career Exploration Program (CEP) can help you take steps now toward finding a career that's right for you. You can benefit from the ASVAB CEP whether you plan to go on to college or enter the workforce. Registration for the ASVAB is open to all sophomores, juniors and seniors.

Whether you're planning on college, a technical school, or you're just not sure yet, the ASVAB Career Exploration Program can provide you with important information about your skills, abilities and interests — and help put you on the right course for a satisfying career.
