PRESS RELEASE

For Immediate Release

New and Returning Student Registration

On Tuesday, May 1, Los Alamos Public Schools will begin registration for returning students for the 2018-2019 school year. Registration for new students is open now.

On Monday, April 23, LAPS will send out an email to one parent per family with instructions for registering their student(s) online. Parents may then login to the student registration site to complete the online form for each child attending an LAPS school.

How to know if your child is a new or returning student:

- Any student who will be attending an LAPS school for the first time is considered a **new** student. You may enroll a new student at www.laschools.net. Simply click on the Registration/School Supplies link, and select the New Student tab for additional information.
- Any student who is currently attending an LAPS school is considered a **returning** student for the 2018-2019 school year, even if they are changing schools. (For example, if your child is a 6th grade student who will be enrolling at Los Alamos Middle School next year, they are considered a returning student because they are currently attending an LAPS school, even though they are new to the Middle School.)
