ADDITIONAL RESOURCES

Los Alamos County Social Services Division manages the Health Care Assistance Program, which supports access to health related programs and services. The Division also manages Social Services Contracts with half a dozen agencies who provide a wide range of programming for families, youth, and seniors throughout the community. Lastly, the Division coordinates the work of the Los Alamos Community Health Council and supports the work of the local DWI Planning Council, both of which hold monthly public meetings. For more information, please call 505-662-8068
